DETAILED ACTION

1. Claims 1-14 are cancelled. Claims 15-34 are currently pending in the instant application.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The instantly claimed process is novel and non-obvious over the prior art because of the process steps (a) thru (d). The closest prior art is U.S. Patent Serial No. 7,439,381: Jungkamp et al. This reference does not encompass the scope of the instant application, which includes the following novelties: a novel three-stage distillation process. Jungkamp et al., discloses a process for preparing 3-pentenitrile which regenerates a catalyst, but not with the identical or obvious process steps. The prior art reference does not contain the identical or obvious variants at the aforementioned process steps. A person of ordinary skill in the art would not have expected that making these modifications would obtain identical products as disclosed in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Claims 15-34 (renumbered 1-20) are allowed.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Samantha Shterengarts whose telephone number is (571)270-5316. The examiner can normally be reached on Monday thru Thursday, 9AM - 6PM Est.
